Repairs on Public Buildings &c - Comm^{ee} Order that the Sheriff & Treasurers of the County be a Committee to direct & contract for any repairs that may from time to time be necessary to be made on the Public buildings of the County & also for furnishing any articles necessary for Prisoners confined in the Gaol -

Commissioners Report on Accounts between Hampshire, Franklin & Hampshire We the Subscribers appointed by the several Courts of Sessions in the respective Counties of Hampshire, Franklin & Hampshire Commissioners pursuant to an act passed Feb^y 27 1813 to examine the Accounts of the Sheriff of the County of Hampshire & to compute & adjust the respective shares of each of said Counties in all the monies & credits of the County of Hampshire at the several times when the Laws relating to said Counties of Franklin & Hampshire took effect which remained after the payment of the debts then due & owing from the said County of Hampshire in proportion as each of said Counties were assessed in their last County Taxes, Having met at Northampton & attended the service assigned us by the said Act & meeting said appointment but not being able to agree as to the right of the Inhabitants of said County of Franklin to demand & receive any part of the monies of the County of Hampshire or the liability of the County of Hampshire to receive any part of the monies due from the County of Hampshire on a former adjustment, we have agreed that the Judgment & opinion of the Supreme Judicial Court should be had & taken as valid & with as little expense as may be upon the facts & statements herein after made & recommend that for this purpose proceedings be had to bring the same before said Court -

We find that of the County Taxes next preceding the creation of the County of Franklin in the County of Hampshire paid in the proportion of - 8016. 6. 55
 and the County of Franklin the sum of - 874. 0. 02
 \$2500. 63
 as the sum the said County of Franklin took effect
 1445. 5. 53
 1422. 86
 945. 82
 867. 5. 25
 181. 1. 15
 3. 3. 02

And according to said Statement & proportions the County of Franklin if by Law entitled would be entitled to receive from the County of Hampshire the sum thirteen hundred eleven Dollars & 84 Cents exclusive of disbursements made by the County of Hampshire for Survey fees & other expenditures accruing since the Law enacting said County of Franklin took effect—

If the balance of outstanding taxes shall be received the same should be accounted for in the above proportions— We find no debts due to said County of Hampshire & no claims or demands accruing before that time & still unpaid which are not barred by the Statute of Limitations

We also find that pursuant to an adjustment made in Nov. 1812 according to the act enacting the County of Hampshire the County of Hampshire had paid over to the County of Hampshire the sum of eleven hundred thirty two Dollars thirty eight Cents before the said act directing the appointment of said Commissioners as the balance then due to the said County of Hampshire & there was at the time the act enacting the County of Hampshire took effect a balance of outstanding taxes debts & demands which have since been received by the County of Hampshire of which the proportion of the County of Hampshire over & above disbursements which were made by the County of Hampshire was three hundred & forty Dollars eleven Cents making according to the adjustment made between said Counties of Hampshire & Hampshire the whole proportion of the County of Hampshire to be paid by the County of Hampshire the sum of \$11472.49 exclusive of expenditures & claims for demands accruing since the Supreme Judicial Court Sept Term 1812, & also exclusive of a claim for the County Standard of weights & measures. If the County of Franklin is entitled to receive of the County of Hampshire the aforesaid sum of \$1341.84 & the County of Hampshire is liable by Law to refund any part of the money received as aforesaid the sum of three hundred & nine Dollars eighty six Cents ought to be reimbursed by said County of Hampshire to the County of Hampshire but if the said County of Franklin is not so entitled or the County of Hampshire be not liable to reimburse as aforesaid then the sum of \$340.11 ought to be paid by the County of Hampshire to the County of Hampshire—

All which is submitted

Hampshire ss At the Court of Sessions begun and holden
Sept. Term at Northampton within and for the County of Hampshire on the
1821. first Tuesday of September, being the fourth day of September,
in the year of our Lord one thousand eight hundred & twenty one

By Hon. Jos. W. H. Lyman Ch. Justice &
Hon. Samuel Porter Associate Justice

At the Circuit Court of Common Pleas holden at Northampton
Term from within & for the County of Hampshire on the fourth Monday of
South Hadley March, A.D. 1819, for the transactions of Session business -
Daniel Burdett & others presented their petition representing
that an alteration in the highway ending from South Hadley Canal
to the house of Joseph Eastman in Granby in said County is
much wanted - that such alteration to begin near the east line
of Wishes Ponds Canal in South Hadley extend in a right
line, or the most convenient place, a little northwardly of the
way now travelled & unite with the same a little westwardly of
the Bridge across Stony Brook in said Granby would greatly
accommodate the public, by rendering the same way more direct
& level and shortening the distance - and praying that the
same alteration might be adjudged to be of common conve-
nience & necessity & located & established according to law
and that so much of said old way as might be rendered
unnecessary might be discontinued.

Whereupon the Court ordered notice to be given to the Inhabitants
of South Hadley of the pendency of said Petition by leav-

S^{pt} Term
1821

Tuesday of March A.D. 1820. at which Term a Committee was appointed, at the expense of the Petitioners, to view & consider the common convenience & necessity of laying the road as prayed for. Said Petition was then continued to the Term of said Court holden on the first Tuesday of Sept A.D. 1820. - At which last mentioned Term said Committee made their report that in their opinion common convenience & necessity required an alteration in the road prayed, so as to make the new road, as nearly on a straight line as the nature of the ground would admit from the East line of Elisha Pomroy's land in South Hadley, a foot to, or near the guide board standing near the road leading to Springfield thence to Eastman's Bridge, so called in Granby. It being understood however by said Committee that the town of Granby make & maintain the road as far as the west line of Joseph & William Eastman's land, according to a vote of the Inhabitants of that town. - And it appearing that all persons interested had been ^{duly} notified and no person appearing to object to the same the Court adjudged the alteration prayed for, to be of common convenience & necessity - and then & there appointed Samuel Porter Esq. Col. Jonas Stebbins Justice Forward Esq. Deacon William Dickinson & Samuel B. Dickinson Esq. a Committee to view & make the alterations & lay the road accordingly. Said Petition was then continued to the March Term of said Court - at which Term it appearing that no Warrant had issued to the laying Committee, the order of the last Term was renewed, & the Petition continued to this Term. And now at this Term the said Committee bring here into Court their report in the words & figures following - viz - -

and having heard all persons, & parties interested & considered
that several representations having in pursuance of the foregoing
commission and order of Court, laid out a road three rods wide
in the road prayed for as follows; that is to say: Beginning at
the East end of Elsie Pennington's land South Hadley;
thence easterly to the guide board standing on the road leading
from South Hadley to Springfield, as the road now runs, adding
one rod on the North side, through the whole of that distance;
thence East twenty Degrees North, three hundred rods, passing
on the North side of a pine Tree marked H. W. standing on
the North side of a winding mill brook so called, on land of Warren
& Atalmas Ingram & bounding South on the same, to a
point three rods South of the Northwest corner of Eliakim
Kellogg's land; thence East sixteen degrees north, three rods,
South of Eliakim Kellogg's north line & parallel thence with
eighty six rods, to an oak Tree standing in Aaron John
Mott's land; thence East twenty five degrees North,
Eighty four rods to a stake marked H. W. on the West side
of the old road as now travelled West of Eastman's meadow
in Granby aforesaid: the said road by us laid, to be from
the Guide Board to the stake above mentioned West of East
man's meadow, three rods wide and North of the line above
described. And we have estimated the damages to the
several owners of land over which the said road passes by
reason thereof as follows; that is to say: In Ezekiel Sumb
